

■ Compact & Slim design

By using DC fan motor, compact design is realized.

New model

Previous model

■ “Horizontal airflow” does not blow cool air directly at the occupants in the room

■ Easy maintenance

Simplification of drain pan cleaning improves maintenance-ability.

■ Air conditioner filter features

The filter deodorizes by powerfully decomposing absorbed odors using the oxidizing and reducing effects of ions generated by the ultra-fine-particle ceramic.

(*The filter can be used for approx. 3 years if it is washed under water to restore its surface action when it is dirty.)

✦ Using different filters at both sides

Fine dust, invisible mold spores, and harmful microorganisms are absorbed onto the filter by static electricity, and further growth is inhibited and deactivated by the polyphenol extracted from apples.
